Every way . . . every **position** . . . Frank had ever thought of . . . heard of . . . **dreamed** of . . . they tried . . . they **did** . . . and . . . Frank wanted . . . it **all** . . . to do . . . to try . . . **all** . . . everything . . . **every way** . . . his intense heat was matched by Dale's . . . they . . . both of them . . . the two boys . . . again . . . and **again** . . . felt . . . had . . . experienced . . . racking . . . shattering . . . **blasts** . . . the male juice boiled up and erupted from them . . . time after time . . . after **time** . . . in **mouths** . . . deep in bucking **asses** . . . over firm muscled young bodies . . . everything . . . every **way** . . . every **where** . . . until . . . at last . . . they were both . . . **totally** . . . drained . . . exhausted . . . finished . . . in a crumpled heap on the floor . . . Frank rolled over to touch Dale . . . but . . . Dale pulled himself away . . . dressed and quietly left . . .

TODD

Home . . . vacation . . . Frank sagged across his bed there in his own room . . . something was wrong . . . very, terribly ***wrong*** *. . . he thought that with Dale . . . at last . . . he'd found someone to wipe out the memory of all the other guys who had only . . . wanted . . . to* ***use*** *him . . . like . . . Paul . . . Ron . . . Neil . . . but . . . Dale had turned out to want . . . as many different guys . . . as many different times . . . as possible . . . nothing . . . lasting . . . Frank drifted off into sleep . . . fretful sleep . . .*

The images of all the guys back at school haunted Frank's dreams . . . hot dreams . . . hard dreams . . . until . . . he woke . . . his own maleness . . . hot and stiff and throbbing against his thigh . . . under the thin sheet of his bed . . . he couldn't . . . control his . . . **need** . . . couldn't stop himself . . . had to . . . **had to** . . . work out the hot, pounding pressure mounting in his own lust-filled stiffness . . . he gripped his huge rod . . . aching **rod** . . . **quivering** rod . . . starting to work it in his fist . . . **had to** . . . the voice startled him . . . "Let **me**!" . . . a hand was around his hard man-tool . . . almost before he knew what . . . or who . . . was doing . . . **it** . . . to him . . . Frank looked up . . . Todd . . . **Todd** the kid from next door . . . the younger brother of a boyhood chum . . . a kid Frank had never paid that much attention to . . . **before** . . . without another word . . . Todd leaned over Frank's panting form . . . and . . . took the huge man-rod . . . all the way deep into his throat . . . Frank gasped . . . **then** . . . shoved it as far in that wet, warm, sucking throat as he could shove it . . . Todd took **every inch** . . . working his own male stiffness out of his tight pants at the same time . . . Frank quickly took **it** in his own throat . . . **all the way** . . . just like the kid was doing to him . . . as **much** . . . as **deep** . . . as he **could** . . .

The two of them . . . like Frank had done with Dale back at school . . . did it all . . . all . . . but . . . but . . . where Dale was fast . . . wanting only the hottest release he could get . . . Todd did it with . . . a warm gentle . . . love . . . wanting Frank to get as much pleasure as he could . . . not only in that final spurting release . . . but . . . in the trip up that peak of hot pleasure as well . . . Frank responded . . . responded . . . not just the lust-filled heat of what was happening . . . but . . . to the way . . . it was happening . . . he wasn't just being . . . used . . . he was being . . . loved . . . loved . . . and . . . he was . . . loving . . . loving right back . . . the kisses . . . the holding . . . were just as important as the man-rods . . . stiff and hot and hard . . . Frank . . . realized . . . suddenly knew . . . knew . . . this was it . . . it . . . what he'd been looking . . . searching . . . for . . . all his life . . . and . . . now . . . he hoped . . . that . . . finally . . . at last . . . he may have actually found it . . . found . . . it . . .

Their . . . hot . . . gushing . . . explosions . . . of lust-love . . . came . . . like all the other times . . . and . . . again . . . with the **groans** . . . and **moans** . . . of hot **pleasure** . . . but . . . **afterward** . . . as the two of them lay there . . . there in each other's arms . . . lips barely touching . . . hands lightly exploring . . . bodies pressed together . . . but lightly . . . as Todd shyly told Frank of his attraction to him . . . and . . . how he'd been . . . afraid . . . **so** afraid to do anything about it . . . Frank lay . . . listening . . . and . . . learned . . . not just of blind . . . hot . . . **lust** . . . but . . . of love . . . simple . . . gentle . . . tender . . . from a boy younger than he . . . but . . . in many ways . . . so much **wiser** . . . so much **older** . . . Frank smiled . . . turned to Todd . . . took the young face in his hands and kissed it . . . it was a **beginning** . . .
